

ISASP

Iowa Statewide Assessment of Student Progress

Lake Mills Grades 6-12 Information

What is the ISASP?

- ❖ The state assessment measures your student's academic achievement and provides information to help your student succeed. The ISASP makes this possible by providing detailed information about your student in content areas including English Language Arts, Science, and Mathematics. Science is only for 8th and 10th grade students.
- ❖ We will complete these tests the week of April 8th - 12th. The make-up tests will be scheduled with Mr. Sletten following that week.
- ❖ The assessment will be administered online during school hours in the student's assigned classroom.

Benefits of ISASP

- ❖ Assesses content mastery in English Language Arts, Science, and Mathematics.
- ❖ Measures growth from year to year on a common scale.
- ❖ Measures a student's performance as Advanced, Proficient, or Not Yet Proficient based on the Iowa Core, and provides a general explanation of what a student knows and is able to do.

Preparation

- ❖ Teachers will help prepare your student for the ISASP, and parents/guardians can also participate in student test preparation by visiting the ISASP Test Preparation page.
- ❖ Here is the link:
<https://iowa.pearsonaccess.com/test-prep/>
- ❖ There are practice tests available for each grade level and content area that will be assessed. There is no login/password required.

Day-of Tips

- ❖ **Reassure Your Student** – Pre-test jitters are common. Reassure them that even though tests can be scary, their focus and hard work will show what they already know and how they can keep learning.
- ❖ **Tell Your Student What To Expect** – Explain that some questions will be difficult and they won't know all the answers. Remind them to choose the best answer, so we learn as much as possible about what they know.
- ❖ **Give Them A Head Start** – Help your student start test day well-rested and with a healthy breakfast.
- ❖ **A Positive Attitude Is Contagious** – Let your student know you believe they will do their best! Keep the morning before the test lighthearted, positive, and encouraging.

The ISASP is required for all students in 3rd-11th grade and must be completed in-person.

State and Federal Requirement

- ❖ ISASP falls under the category of a state and federally-required assessment. The Iowa Department of Education states:

“The **Iowa Statewide Assessment of Student Progress (ISASP)** is the summative accountability assessment for all Iowa students that meets the requirements of the federal Every Student Succeeds Act (ESSA). The test was developed by Iowa Testing Programs (ITP) at the University of Iowa as per the Iowa Legislature ([HF 2235](#)) and was first administered in the spring of 2019. The ISASP is aligned to the Iowa Core academic standards and accurately describes student achievement and growth.”

Tests	Grade Levels	Recommended Administration Time (minutes)
Reading	3-11	60
Language and Writing	3-11	75
Mathematics	3-11	60
Science	5, 8 and 10	60

Testing Schedule

- ❖ Reference the table below to know when all students will complete all portions of the ISASP.

Date	Time Slot	Test Session
Monday, April 8th	8:20-9:40 am	Language and Writing
Tuesday, April 9th	8:30-9:35 am	Math
Thursday, April 11th	8:20-9:35 am	Reading

*All 8th and 10th graders will also take the Science test in their Science classroom throughout the week.

Afternoons may be used to finish tests that have not been completed

Untimed Testing

- ❖ The **untimed** assessments will be administered using the guidance from the Iowa Department of Education using the table (seen to the left) for grades, categories, and time estimates.

The ISASP is required for all students in 3rd-11th grade and must be completed in-person.
